Unit 8:

Finding Your Way: Directions and Transport

Overall Course Goal: By the end of this unit, students will be able to name common modes of transport and places in a city, and successfully ask for and give simple directions using imperative commands and prepositions of movement.

Part 1: How Do You Get There?

Objective: Students will be able to identify and name different modes of transport and common places in a town.

Vocabulary:

- **Transport:** car, bus, train, bicycle/bike, on foot, taxi, subway/underground, scooter.
- **Places in Town:** bank, supermarket, park, restaurant, train station, bus stop, hospital, school, cinema.

Grammar:

- Introduction to **"How can I get to...?"** and the preposition **"by"** for transport.
- e.g., "I go to work **by** bus." "How can I get to the station?" "**By** train."

Activities:

1. **Warm-up:** Discussion: "How do you come to school/work?" Introduce transport vocabulary.
2. **Vocabulary Introduction:** Flashcards/pictures of transport and places in town. Drill pronunciation.
3. **Listening:** Short audio clips of people describing their commute. Students match the person to the mode of transport or destination.
4. **Speaking Practice - "My City":** Show a map of a simple town with places labelled. In pairs, students ask and answer: "How can I get to the park?" "By bike." / "You can go on foot."
5. **Game:** "Word Search" or "Match the Picture" with the new vocabulary to reinforce spelling and recognition.

Part 2: The Language of Movement

Objective: Students will be able to understand and use key prepositions of movement and basic direction verbs.

Vocabulary:

- **Directions & Movement:**
- **Verbs:** go, turn, walk, take.
- **Imperatives:** go straight, turn left, turn right, stop.
- **Prepositions of Movement:** to, from, up, down, along, across, into, out of.

Grammar:

- Explicit focus on the **Imperative Mood** for giving instructions (positive form).
- e.g., "Turn left." "Go straight on."
- Combining verbs with prepositions of movement.
- e.g., "Walk **across** the street." "Go **into** the supermarket."

Activities:

1. **Warm-up:** "Simon Says" using the new imperative commands (Turn left! Go straight! Stop!).
2. **Vocabulary & Grammar Introduction:** Use a video or a series of pictures (e.g., a person walking) to introduce the prepositions of movement. Connect them to the imperatives.
3. **Listening/Speaking - "Follow the Path":** The teacher describes a simple route on a map. Students must draw the path on their own copy of the map. Then, students work in pairs to do the same for each other.
4. **Physical Demonstration:** Use the classroom as a map. Place signs ("Bank," "Park") in different corners. The teacher or a student gives directions, and another student physically walks the route.

Part 3: Putting It All Together - Asking for Help

Objective: Students will be able to comprehend a short dialogue where someone asks for and receives directions.

Grammar:

- Formalizing the structure for **asking for directions**.
- e.g., "Excuse me, how can I get to the bank?" "Could you tell me where the train station is, please?"
- Using **sequencing words** in directions.
- e.g., "First, go straight. Then, turn left. Finally, it's on your right."

Reading/Listening:

Activity: Students read or listen to a **dialogue: "Asking for Directions."**

Dialogue:

- **A:** Excuse me, could you help me? How can I get to the train station?
- **B:** Sure. Go straight along this street for about five minutes. Then, turn left at the park. Walk across the park and the station is right in front of you.
- **A:** So, go straight, turn left at the park, and it's across from the park?
- **B:** That's right.
- **A:** Thank you so much!
- **B:** You're welcome.

Activities:

1. **Warm-up:** Quick review: Show a place on the map and ask for the preposition (e.g., "The bank is **across from** the park.").
2. **Reading/Listening Comprehension:**

- **Task 1:** Students read/listen to the dialogue and put the instructions in the correct order.
- **Task 2:** True/False questions based on the dialogue. (e.g., "The station is next to the park." - False).

3. **Language Focus:** Explicitly teach the polite phrases for asking ("Excuse me," "Could you...") and sequencing words ("First," "Then," "After that," "Finally").
4. **Controlled Practice - "Gap Fill":** Students complete a similar dialogue with missing words (e.g., straight, left, excuse, thank you).

Lesson 4: Be the Guide!

Objective: Students will be able to ask for and give directions in a controlled, role-play scenario and write a simple set of directions.

Speaking/Writing:

- **Skill:** Integrating all learned components into a fluent exchange and a written text.

Activities:

1. **Warm-up:** "Direction Dictation": In pairs, one student has a simple, completed map. The other has a blank map with only a start point. The first student gives directions to help their partner complete the map.
2. **Speaking - Role-Play Preparation:**

- **Input:** Give students a worksheet with different "You are here" points and different destinations on a town map.
- **Practice:** In pairs, students practice asking for and giving directions for their specific scenarios. Encourage them to use the polite language and sequencing words.

3. **Speaking - Role-Play Performance:** Pairs perform their short dialogues for the class or for another pair. The listening students can trace the route on their own maps to check for accuracy.
4. **Writing Task:**

- **Task:** "A friend is visiting you. Write an email to give them directions from the bus station to your favorite place in town (e.g., a park, a cafe, the cinema)."
- **Structure:**

1. Start point: From the bus station...
2. Use sequencing words: First, go straight... Then, turn left... Finally, you will see...
3. Use imperatives and prepositions of movement.

- **Peer Review:** Students swap emails and check for the key elements (start point, clear steps, imperatives, prepositions, final destination).
